**TRAVEL 4
EXPERIENCES**

Our way of travel

- **A trip through authentic, active and immersive experiences in the Portuguese culture.** All our services result from the integration of experiential activities that we are developing continuously in the municipalities;
- **Experiences of encounter with the natives.** The aim of all our activities is to allow the traveler to meet local people and to interact with them;
- **Guided by content specialists (when necessary):** historians, religious, architects, etc, in order to guarantee the best quality content.
- **Designed to stimulate the five senses.** Everything is designed to touch the senses, so the client enjoys to the most all the dimensions of each experience.
- **Drafted for small groups.** These are active experiences and not mere expositions of content, that implies smaller groups, so everyone can interact with local people and have contact with the culture, history and traditions.

We are committed into take you in a voyage filled with faces and encounters with natives, where everything is done with special proximity to, they way of live and their customs, in a creative and rigorous, but simple way.

Because it dignifies both the tourists and those who welcome them. Especially when it's done face to face, emphasizing the human dimension and the economic, social and ecological sustainability of the population.

On the following pages we make a brief presentation of our services for 2020. This presentation aims to help you understand our offer and his extension, **so please ask us for more information** for the services you think are more appropriated for you. Discover everything Portugal has to offer, and **contact us** if you would like more information or if you would like us to design a tailor-made service just for you.
